

CLEAN AND FAIR ECONOMY SUMMIT

September 14-15, 2017

Hotel RL Olympia by Red Lion • Olympia, Washington

Sponsorship Opportunities

Go West!

Climate Solutions, Economic Justice, and the Unstoppable Blue-Green Alliance

The *2017 Clean and Fair Economy Summit* is an outstanding opportunity for you to showcase your company's leadership in the clean economy to a diverse group of attendees—demonstrating how businesses and organizations are confronting the challenges of climate change while creating good jobs and strengthening America's economy.

Across the country, labor, business, environmental, economic, environmental justice, and civic leaders are working toward climate solutions, economic justice and securing shared prosperity.

Come meet them on September 14 and 15 and help us build an unstoppable movement at the *Clean and Fair Economy Summit*!

There are a variety of packages available to companies, unions, organizations and trade associations that are interested in sponsoring the Summit. Sponsorship can also be customized to meet your specific organizational needs.

Americans are ready for an economy that works for all of us—one where you can find a quality job with fair pay and benefits. We also recognize that we all deserve clean air and water, protections to safeguard workers and the communities around their workplaces, and that building up a cleaner economy means laying a foundation that leads generations of Americans to equitable prosperity.

People have taken up this fight nationwide—particularly in the West—and are building partnerships to solve our nation's environmental challenges in a way that creates and maintains quality, family-sustaining jobs and ensures the health and safety of our workplaces and communities.

Join us on September 14 and 15 in Olympia, WA.
